AS3X Programmer

Please read the SPMA3060 manual and AS3X receiver chart compatibility before downloading the AS3X Programmer. Please reference the receiver compatibility chart on the SPMA3060 product page for receiver programming compatibility.

Because mechanical setups can vary on some types of models, it is your responsibility to ensure all controls operate in the proper direction and within the manufacturers recommended throws. You should also take time to understand the anticipated flight characteristics of individual aircraft and chose an AS3X Model Configuration file that corresponds to your aircraft.

To download the AS3X Programmer, follow the instruction below:

Windows XP systems

1. Open the AS3X Zip file and save the SPMA3060 folder to your desktop

2. Open "AS3X_Software" folder

3. Install "AS3X_gyodel2007.exe" to your desktop

4. Install "PL-2303 Driver Installer.exe" for your Windows XP operating system

5. Please reference the SPMA3060 manual

Windows 7/Vista systems

1. Open the AS3X Zip file and save the SPMA3060 folder to your desktop

2. Open "AS3X_Software" folder

3. Install "AS3X_gyodel2007.exe" to your desktop

4. Install "PL-2303 Driver Installer.exe" for Windows XP operating system

5. Install "PL-2303 Vista Driver Installer.exe" for Window 7/Vista operating system

    Both drivers must be loaded sequentially for the AS3X programmer to function on Windows 7/Vista operating systems

6. Please reference the SPMA3060 manual
